1. Go West on Georgia Street, staying on the main road through Stanley Park and over the Lion's Gate Bridge towards North and West Vancouver.
2. Exit East (right) to North Vancouver onto Marine Drive and get in the left lane
3. Turn left at the first light onto Capilano road going north, towards the mountains
4. Turn right onto Highway One (The Trans-Canada Highway) going east. After the Lonsdale exit, get in the right lane as you descend the steep hill to get ready for the exit at the bottom of the hill. Slow down at the bottom, as this exit is easy to miss. (Do not cross the large Second Narrows Bridge - If you miss this exit and do go across, turn around when you can and then take the Mount Seymour Parkway exit East)
5. Take the Mount Seymour Parkway exit. Turn left at the first light and immediately get into the right lane. Turn right at the next light to go past the Canadian Superstore, heading east on Mount Seymour Parkway towards Deep Cove.
6. Continue east on Mount Seymour Parkway past the Parkgate Shopping Centre on your left, the fire hall on your right and down the steep hill
7. Turn left onto Deep Cove Road

See Map of Deep Cove on next page

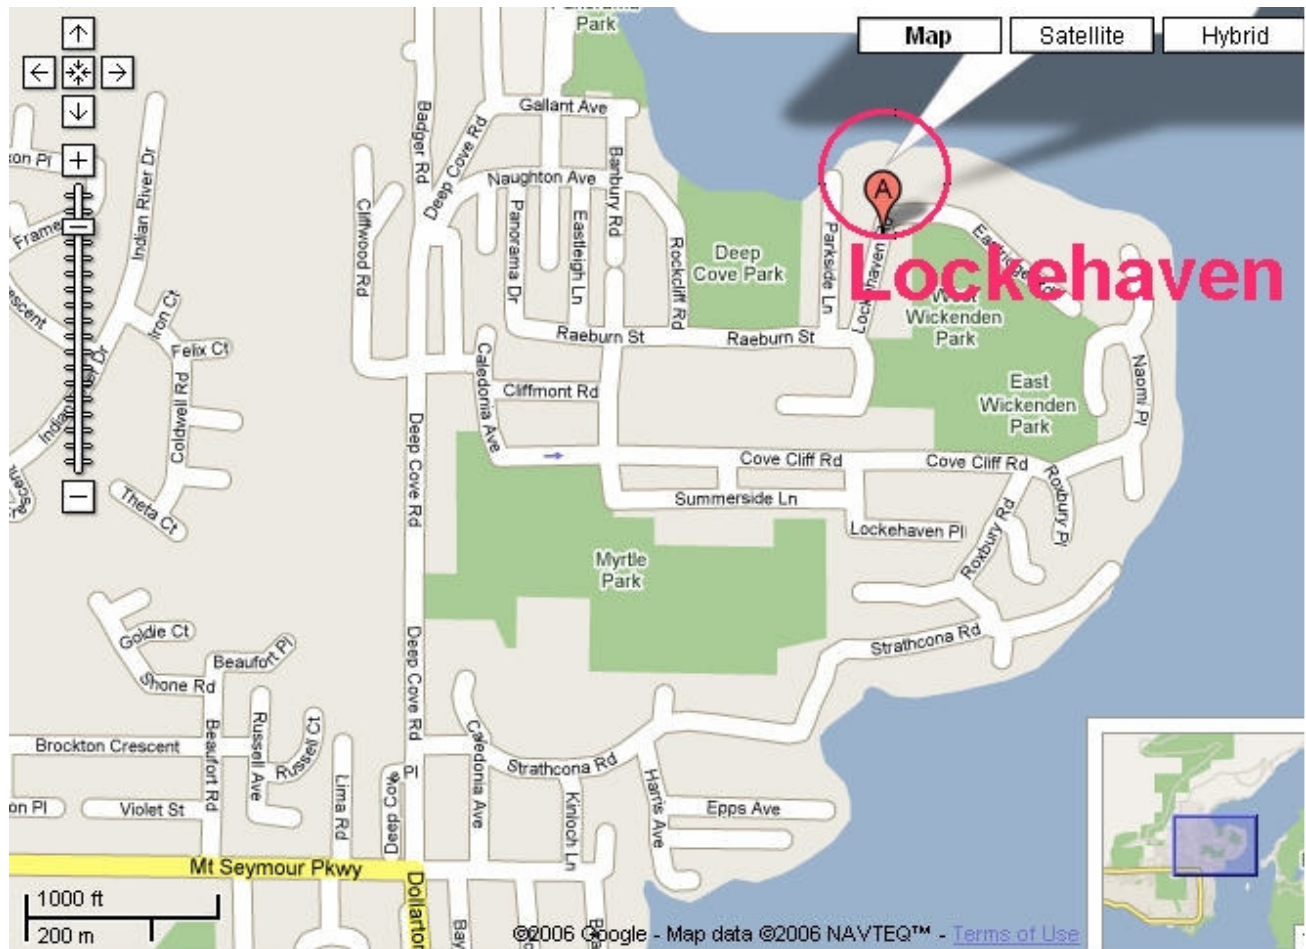

1. Turn left onto Deep Cove Road from Mount Seymour Parkway
2. Turn right onto Gallant Avenue
3. At the bottom of Gallant, turn right onto Banbury Rd
4. Take the first left turn onto Naughton
5. Take the first right turn onto Rockcliff Road (no sign)
6. Take the first left turn onto Raeburn St
7. Turn left onto Lockehaven Rd at the T junction
8. Immediately at the top of the first steep hill on Lockehaven Road, turn left into the clearing, where you will see an illuminated sign on a tree at the far end, with 2136 and 2128 on it and on the near left our mailbox with 2136 Lockehaven on it. This clearing is our upper off-site parking area. If you accidentally go too far on Lockehaven and reach the right turn up the hill onto Eastridge, turn back and look for our clearing.
9. Unless we know when you will be arriving, please park in this upper parking area and walk down the narrow 300 foot driveway ahead of you. We share this driveway with one other neighbour.
10. If we know when you are coming, you may drive down this driveway. When you reach the turn-around area in front of the yellow diamond sign, please turn around and park facing uphill, close to the fence, which will then be on your right. It is important to leave enough room in this area for other vehicles to turn around.
11. Walk down further to the garage with the sign "2136" on it, descend the steps to the second deck down, which is the middle level of the house and ring the doorbell at our main entrance.
12. We will then assist you to park in the area in front of the garage.
