We are on the south shore of the actual bay of Deep Cove, North Vancouver at the corner of Lockehaven Road and Eastridge. This is only 10 minutes east of the Second Narrows Bridge. We highly recommend you print the following instructions and bring them with you in the car, as many people get lost trying to find us, even with a GPS. Besides, this is the scenic route which will take you through the village and past the attractions of Deep Cove. A GPS will take you another more boring route.

1. At the north end of the Second Narrows Bridge, go east on Mount Seymour Parkway from Highway One.
2. Continue past the Parkgate Shopping Centre on your left, the fire hall on your right and down the steep hill
3. Turn left onto Deep Cove Road from Mount Seymour Parkway
4. Turn right onto Gallant Avenue
5. At the bottom of Gallant, turn right onto Banbury Rd
6. Take the first left turn onto Naughton
7. Take the first right turn onto Rockcliff Road ( no sign )
8. Take the first left turn onto Raeburn St
9. Turn left onto Lockehaven Rd at the T junction
10. Immediately at the top of the first steep hill on Lockehaven Road, turn left into the clearing, where you will see an illuminated sign on a tree at the far end, with 2136 and 2128 on it and on the near left our mailbox with 2136 Lockehaven on it. This clearing is our upper off-site parking area. If you accidentally go too far on Lockehaven and reach the right turn up the hill onto Eastridge, turn back and look for our clearing.
11. Please park in this upper parking area and walk down the narrow 300 foot driveway ahead of you. We share this driveway with one other neighbour.
12. Walk down further to the garage with the sign "2136" on it, descend the steps to the second deck down, which is the middle level of the house and ring the doorbell at our main entrance.
